PROCESSES, PEOPLE AND TECHNOLOGY

Strategy formulation plans, tools, calendars and processes (Including Agile and Emergent Strategy)

ICG developed an industry value chain for the client, identified routes to market, key decision influencers, and required capabilities and activities for success.

We identified a route to market and areas where additional capability or activity was required to deliver the recommended strategy

provide sector insights & research, education, training, and "always on" marketing to achieve cut through.

ICG

Product innovation will also be a key success factor to meet the needs of changing investor preferences **toward listed and specialised funds. Marketing & distribution will need to segment** the Adviser market to target high volume Practices that value our products over the competition,

ICG developed a strategy and roadmap for growth, and detailed specific marketing and distribution initiatives to deliver required capabilities..

A roadmap was determined identifying critical levers by time horizon
